sive dealer in Binders' Materials in this country to be regularly supplied with any quantity, on such terms as will enable him to sell them at lower prices than any other person south of New York, he has this day opened a complete assortment, and would solicit an inspection of it, at Stationers' Hall, comprising best quality of American and French Marble paper, royal, medium, and cap size; Morocco Skivers of blue, purple, moreon green and cochineal color; large size Russia, English, and American Skivers for blank and printed work also, Twine, Crimped Muslin, Colored Paper, and Parchment, for covers.

HIGHLY IMPORTANT DISCOVERY.

THE most safe and certain remedy ever known to the world for various chronic diseases, after they have reached a state, and assumed a character, hitherto considered desperate and incurable.

Scrotula, Kings-evil, attended with swellings and ulcers; sore eyes and loss of sight, to a frightful extent, have been cured. Females pining away by reason of deranged screttions, broken circulations, and obstructed menses, (monthly courses,) even when attended by spasms or fits, have been readily relieved.

Dyspepsia yields without a struggle to its mild yet powerful action on the stomach. In Catarrh, or cough, Rheumatism, Fistula, Gonorrhea, and Syphilis, it nover finits to cure, as we have fully proved. It

ins, it never fails to cure, as we have fully proved.
Is also efficacious in Paralysis, Dropsy, Asthma, Con
plaints of the Breast, Piles, Worms, Lumbago, Stricture, Diarrhœa, and Flux; usually effecting a cure-

always giving relief.
This tincture tends directly to excite a healthy action in the stomach, liver, lungs, spine and kidneys—to purify the blood and other fluids, by expelling every to purify the blood and other fluids, by expelling every particle of morbid matter from the system, and therefore never fails (with its accompaniments) to prove a valuable remedy for the diseases for which calomel has been invariably used. Old sores and ulcers, or any chronic affection; and for the calomel disease, it is an infallible remedy.

This remedy is perfectly vegetable, mild, agreeable and safe for persons of any sge, either sex, or in any condition; acknowledged by those who have tried it to be the best known family medicine.

The justly celebrated theture creates a craving appetite, and the patient is left at liberty to indulge it,—indeed he is particularly requested to do so. The use of this medicine will change the complexion from a pallid to a fine blooming one. After using this Tincture for six weeks, a person of any age may eat any thing that a child of ten years or age, in full health, could eat, without the least inconvenience.

could eat, without the least inconvenience.

Persons afflicted with any of the complaints above enumerated, are carnestly entreated not to let the prejudice commonly entertained against a new remedy, prevent them from realizing the benefits to be derived from its use. A single bottle, which may be had for \$1.50, will produce a conviction of its superior efficacy in the mind of the most skeptical.

A large number of certificates, from Lexington, Ky., and many more, taken in Alexandria, D. C., published in handbill form, all testifying its efficacy, may be seen on application to the proprietor at his office, east side 8th street, five doors above Riley's corner Pennsylvania avenue. Washington, D. C. ould eat, without the least inconvenience.

ner, Pennsylvania avenue, Washington, D. C.

strength of the patient is not exhausted the medicine will cure him. This is the first public notice I have given of the discovery of this medicine, and I do not intend to offer it for sale at present, as every one knows the weather at this season of the year puts an end to the awful effects of the Yellow Fever.

end to the awful effects of the Yellow Fever.

My object at present is to inform the public, that in case the disease should return the next year, that the people may be informed that there is a medicine, as above described, to be had. I would advise Captains and Merchants trading to the countries where the Plague or Yellow Fever is prevalent, to take some of my medicine with them. I also prepare medicines that will effectually cure Hydrophobia, or the bite of any

will effectually cure Hydrophobia, or the bite of any rabid animal—or the bite of the most poisonous snakes, if applied in time.

Dr. P. can destroy any of the fatal poisons, and their deleterious effects, that can be obtained from Animal, Vegetabies or Minerals. I can also deprive all the Corrosive Acids of their poisonous and deleterious effects in an instant.

TNO IMPOSTER CAN COUNTERFEIT THIS MEDICINE—I gave this medicine to Dr. Hare, Professor of Chemistry in the University of Philadelphia—a gentleman I consider a first rate Chemist, to see if he could analyze it and ascertain its component parts. He tried all the tests that could be tried, and could not ascertain its component parts in the power of any man to ascertain the component parts of this medicine except the proprietor.

prietor.

\*\*TThe above Medicines are to be had by application to Dr. PURCELL, Jefferson street, Georgetown, D. C.
